Desktop Robot Catalog

Robot Anno (shenzhen) Co., Ltd.
—Focus on desktop robotic arms and its
commercial integrated product solutions.

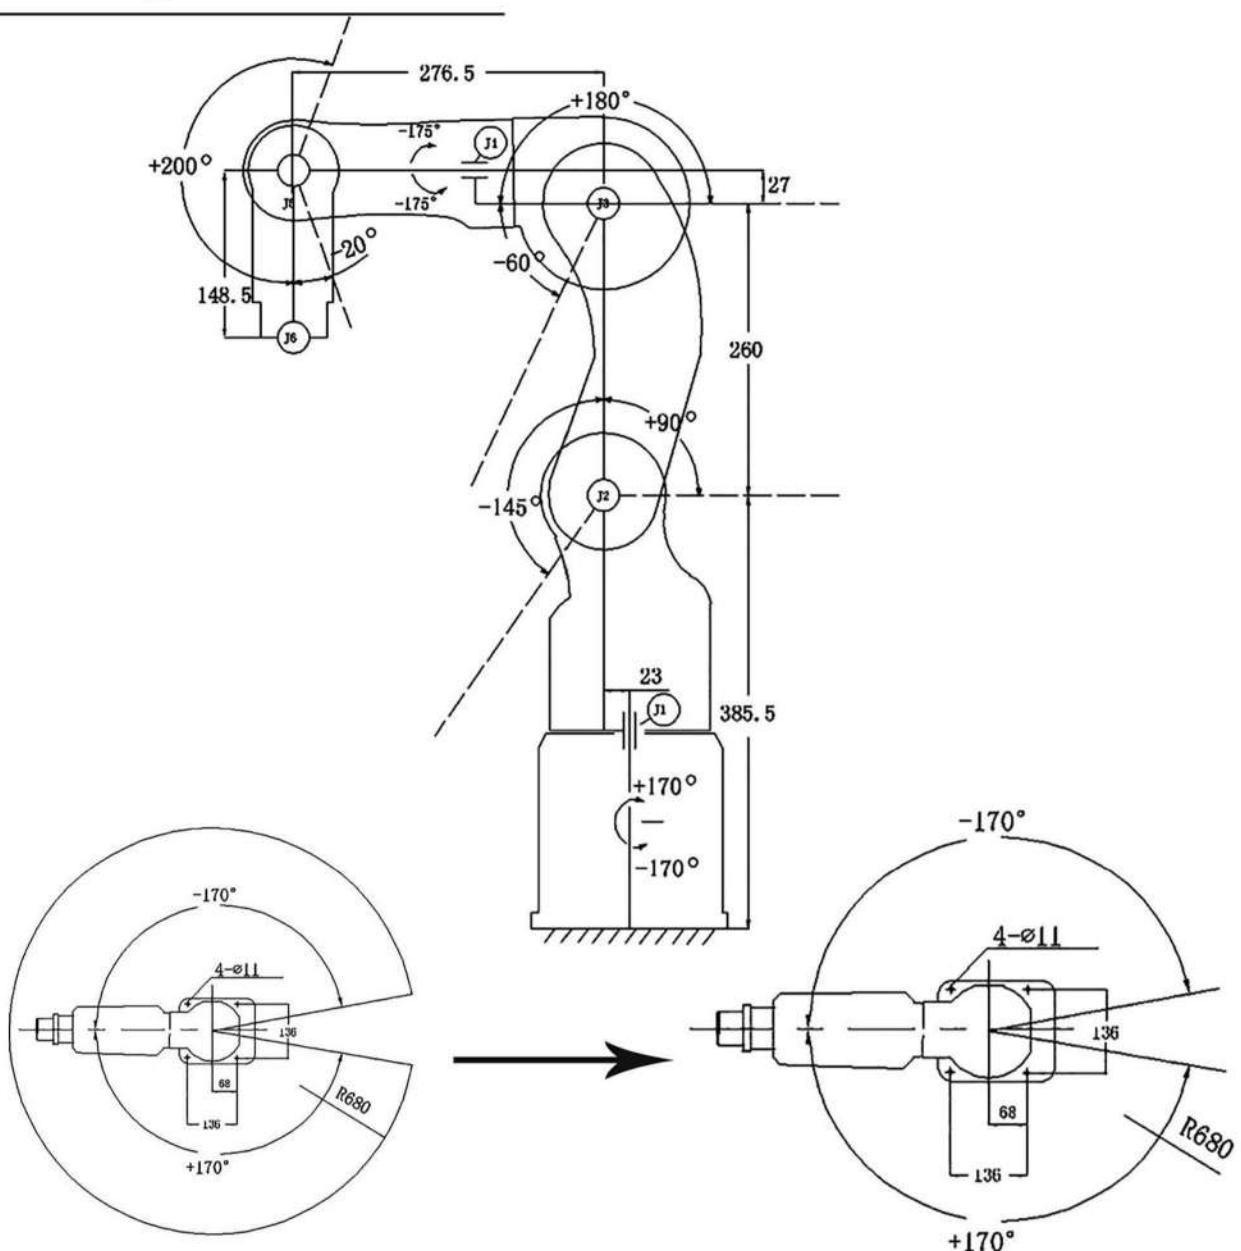

Product Information

Q605-A

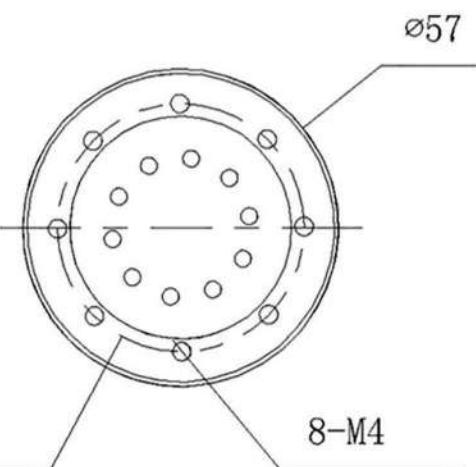

Project		Parameter
Degree of the freedom		6
Working radius		700MM
Maximum load		6KG
Rated load		5KG
Working range	J1	-175°~+175°
	J2	-130°~+100°
	J3	-150°~+90°
	J4	-175°~+175°
	J5	-120°~+120°
	J6	-180°~+180°
Position repeatability		±0.05MM
Fuselage material		6061 Aluminum alloy
Body weight		23KG
Input voltage		220V
Power plant		AC Servo Motor
Reduction gear		Harmonic deceleration
Environmental requirements	Temperature	5°C-50°C
	Humidity	10%-80%
Installation		Table top, side mount, flip mount
Maximum speed	J1	180°/SEC
	J2	224.9°/SEC
	J3	300°/SEC
	J4	210°/SEC
	J5	450°/SEC
	J6	450°/SEC

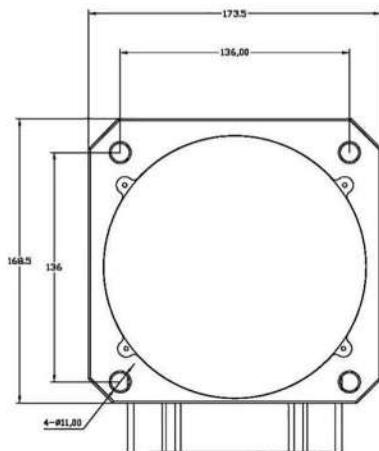

Range Diagram

Flange drawing

Base installation drawing

HUACHENG Control System

Features:

1. 6-axis professional control cabinet;
2. Support linear interpolation, circular interpolation, path smoothing, etc., with high-performance continuous trajectory forward-looking control and speed curve planning;
3. 32 input interfaces, 32 output interface;
4. Abundant communication interfaces, can be used with other production auxiliary equipment
5. Independent algorithm processing chip, faster calculation speed;
6. Integrated drive structure, easy to install;

Parameter

Number of control axis	4~6 AXIS
Teach pendant	function keys, state selection switch, Emergency button
Interface	<ol style="list-style-type: none">1. For visual tracking system2. 6 Road brake motor output3. 32 dedicated inputs4. 32 dedicated output5. RS232/4856. Ethernet/CAN
Control mode	Teach pendant
Programming mode	Teaching online programming
Can move the graph track	Point to point, line, arc
Coordinate system	Joint coordinates, user coordinates, tool coordinates, world coordinates
System instructions	Motion, logic, calculation, technology
PLC function	Can be connected
Alarm function	Emergency stop alarm. Servo alarm. Safety maintenance
System Algorithm	<ol style="list-style-type: none">1. Vertical multi-joint tandem robot2. Vertical multi-joint parallelogram robot3. Vertical multi-joint L-shaped wrist robot4. Polar coordinate robot5. Horizontal joint robot (SCARA)
Application	Handling, welding, spraying, palletizing, cutting, polishing, forging, casting, etc.

Application

>>Educational scene

Teaching laboratory

Training institution

Science Show

Maker Education

>>Business scene

Ice cream robot

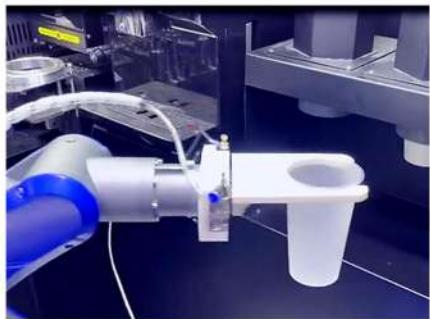

Bartending robot

Coffee robot

Application

Milk tea robot

Fried Chicken Robot

Noodle robot

>>Industrial scene

Polished

Palletizing

Sorting

Detect

Welding

Spraying
